SUBJECT : Request to Travel to Ft. Leavenworth

STATINTL

1. The Command and General Staff College at Ft. Leavenworth, Kansas, has requested that I come out and address one of their classes on developments in the Horn and southern Africa. The only drawback, however, is that they are requesting that the Agency fund the trip. Nevertheless, I think, and [REDACTED] agrees, that the visit has merit, and probably should be considered favorably.

2. If the visit is approved, it would probably have to be rescheduled for 10 May, an alternate date, as I expect to be in Africa in late January and early February.
